Google H5

AI-Powered Global Performance Marketing Platform

Our Google H5 solutions combine interactive engagement, smart targeting, official resource integration, and AI-powered creative generation to drive high-value conversions and ignite purchase intent.

IVT Detection

Our advanced technology accurately identifies and blocks fake traffic, ensuring your ad budget is invested in real, high-value users and eliminating wasted spend.

GCPP Cooperation

We maintain a deep strategic partnership with GCPP, accessing a massive traffic pool of over 80 million monthly page views and 100 million+ daily active users.

AI Content Team

Our dedicated AI team rapidly generates hyper-targeted H5 ad creatives, tailored to specific markets and product categories.

HIveX

AI-Powered Global Performance Marketing Platform

Our e-commerce programmatic advertising service aggregates premium, platform-exclusive traffic. Leveraging precise data and quality brand assets, it targets ready-to-buy users and efficiently converts traffic into orders.

E-commerce Traffic

It specifically delivers precise user traffic for the e-commerce industry, significantly increasing the likelihood of converting impressions into orders.

TikTok Shop

Shopee

E-commerce RTA Data

By acquiring real-time user shopping behavior data, we significantly improve the accuracy of ad targeting.

Premium Branded Device Traffic

High-quality user traffic from major brand mobile phones can complement e-commerce ad placements and help you reach more precisely targeted potential customers.

oppo vivo xiaomi Transsion

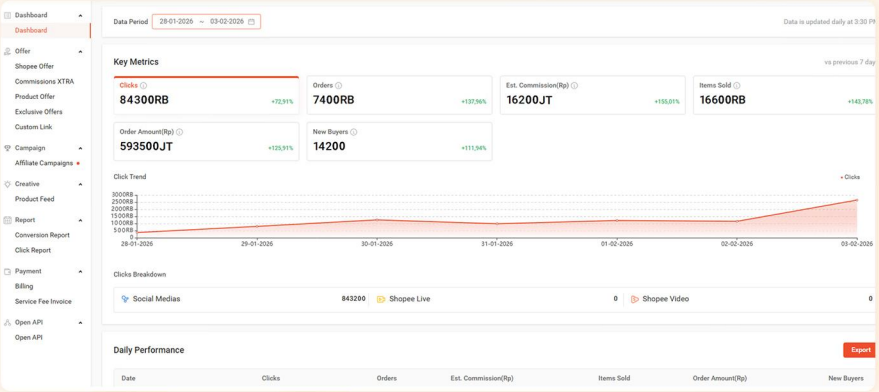
Case

Core data: $20,000–$50,000 in daily spend, dedicated to Shopee campaigns.

Diversified needs: Manages direct budget operations for TikTok Shop, Shein, and Lazada simultaneously.

Stable and official: 100% direct ad spend to ensure maximum reliability, speed, and rapid expansion.

Global influence: Targets high-conversion users in Southeast Asia and other key regions.



HiveAds

AI-Powered Global Performance Marketing Platform

We has established a global advertising alliance, integrating extensive high-quality traffic. We support flexible performance-based models to help businesses acquire users at low cost and achieve high ROI, driving rapid growth.

CPA/EPS/CPI/CPL

Multiple performance billing models, precisely matching the growth needs of different enterprises.

OEM Traffic

It provides exclusive high-quality traffic from various internet, APP, and media partners, with exclusive resources and precisely targeted users.

Performance Marketing Engine

Powered by our in-house intelligent system, it drives advertising efficiency through algorithmic optimization, ensuring maximum user acquisition and ROI.

Case 3 CPS

We specializes in TikTok Shop, the world's fastest-growing interest-based e-commerce platform. We recently executed a CPS campaign in the beauty category by leveraging a niche influencer matrix, trending video templates, and flash promotions, driving a significant sales surge for the brand in a short timeframe.
